Comprehensive services for children with autism and related communication disorders

The Trellis School

The Trellis School is a Non-Public Special Education Facility accepting learners from 2 to 8 years in Nursery School through Grade 2. Intervention is based on Applied Verbal Behavior methodology, which includes language-based play and motivation-based learning. The program provides one-to-one instruction with highly trained staff in a supportive, nurturing environment.

Love-to-Learn Clinic

The Love-to-Learn Clinic is a program that was developed to build strong foundational communication, social learning readiness, and play skills in young learners with Autism and other language related disorders. Learners are accepted between 18 months and 6 years. The program runs weekday mornings and afternoons. Instruction is individualized, with a one-to-one learner/instructor ratio.

Autism Waiver Services

Trellis is a Maryland State Autism Waiver provider. The waiver program utilizes a motivation-based curriculum in the child's home and community through Family Training, Intensive Individual Support Services, and Respite care.

Therapeutic Integration Services

This dynamic, multi-disciplinary program provides the opportunity for children ages 7-21 years to improve communication and social skills in a group environment. Daily recreation/leisure groups and bi-weekly social skills groups are provided throughout the year.

The Link Center

The Trellis Link Outpatient Center, 'The Link Center', currently serves children with a variety of communication needs. This progressive outpatient center providing individualized research-based treatment for effective results.

Outpatient Services

Utilizing models and strategies to ensure measurable, successful treatment, The Link Center provides a host of services including:

- Speech and Language Assessments and Therapy
- Social Skills Groups focusing on Social Thinking Principles and "Talk-ability"
- Academic Tutoring
- Occupational Therapy and Assessment
- Sensory Integration Therapy
- Parent Training programs
- Diagnostic Assessment
